

White River Humane Society

The White River Humane Society would like to be the main provider of trash bags for your business. WRHS, a non profit organization, sells trash bags all year around as a fundraiser to help support operations for the care of the animals at the shelter. The trash bags that we sell are of durable quality and reasonably priced. Many local business and government agencies already purchase our products and are very pleased. We hope that your organization will choose to help support the WRHS.

Trash bags are available at the downtown location (corner of 15th & J St.), at the Shelter, or we can deliver bags to your organization for no additional cost inside the city limits of Bedford.

We greatly appreciate your support and look forward to working together for the homeless animals of Lawrence County.
